

## **Faith Confessions**

God has brought me out of darkness into His wonderful light, since I now walk in the light as Jesus is the light, I boldly proclaim these faith confessions.

I pray that the anointing of God will flow from my life to bring healing, deliverance and hope to others

I pray against any sickness or disease that the enemy may want to use to stop my destiny.

I pray against every genetic disease that has ruled my family for generations.

I confess that I shall be restored spiritually, emotionally, socially, physically, financially, mentally, and matrimonially

I declare that the power, glory and the kingdom of the living God will come upon every aspect of my life.

I declare that I shall be blessed with supernatural abundance that will bless generations to come.

I release the love of God that covers a multitude of sins. I call forth the spirit of forgiveness into the life of every member.

I release growth into this ministry. May the fire of evangelism be burning in the heart of every member.

I release fresh anointing upon this ministry. May the Lord clothe us with a double portion of His anointing.

I plead the blood of Jesus over my life and declare that satan has no authority.

In Jesus Mighty Name,

Amen
